MBA vs. Master's in Human Resources - Which One to Choose

What is Human Resource Management (HRM)? Which Megatrends determine future challenges in HRM? What are key fields of action in HRM?

Packed with practical information and offering a solid foundation in HRM theory, Human Resource Management for MBA and Business Masters covers all the topics MBA students need to know in a concise, accessible way. One of the only texts available for HR non-specialist students doing a Masters or MBA, it looks at the changing world of the line manager and HR professional with regard to key topics such as HRM and strategy, employee resourcing, human resource development, employee relations and performance management. Annotated further reading for each chapter and questions for each case study help cement knowledge and understanding. Now aimed at a wider readership of management Masters students, this fully updated 3rd edition of Human Resource Management for MBA and Business Masters features a greater international and contemporary focus, fresh case studies, coverage of the impact of new forms of employment and technology on HR, and updated online supporting resources. With diagrams and models throughout, it covers topics such as CSR, organizational culture and change, performance management and talent management, the criticisms of HRM levelled by the Critical Management School and different HRM challenges as they relate to each chapter. Online supporting resources for tutors include an instructor's manual, videos, multiple-choice questions and additional case studies; additional resources for students include multiple-choice questions and additional case studies.

Key Selling Points: The text clearly recognises what an MBA student looks like, what interest they have in the subject of HRM and what their needs are. The book strikes the right balance between practical information and theoretical foundations. The book fits easily within a 12-week semester The primary market is still MBA students who are taking their first course in HRM. Over 100 institutions offer MBAs in the UK and almost all MBAs have a compulsory HRM module.

This book focuses on strategic and operational human resources, giving the reader the core curriculum of subjects usually presented in an MBA program specialized in organizational behaviour and human resource management. The topics covered can be applied to a variety of real world business situations. This book aims to contribute to the growth and development of individuals in a competitive and global economy, by covering the latest developments in the field of human resources management. Innovative practices and theories as well as the current policies and practices of HRM are described in this book.

Strategic Human Resource Management has been a topic familiar to many. But this book approaches the same topic in a current global economy with so many Indian business houses venturing into acquiring global giants and establishing themselves atop of the world of business in our growing economy. This means that with electronic communication making the world into a global village and virtual organizations and learning having made the distinction between 'place' and 'space' not a matter of importance, strategies to be adapted by the HR professionals should be totally new. That is where this book is having a new approach to SHRM. It is interspersed with contemporary Indian cases and experience to fall back on to illustrate the different strategies HR has to play as a business partner. Issues in employee privacy in case of virtual organizations have been vividly dealt with. Gone are the days of the fire-fighting role of HR professionals. They are required to play a vital role being part of the business strategy not only at the domestic arena but also in the global business. Challenges involved in building multicultural organizations, cross border merger and acquisition and repatriation and outsourcing are topics that are significant in the local as well as the global human resource management which are discussed extensively. The book explains career planning and development and compensation packages in the context of competencies and balanced scorecard. When speed and alacrity are demanded of all the employees to stay ahead of competition, the employees are required to put in extended hours and work in a stressful environment. Hence, the new-era HR professional has to resort to developmental activities through mentoring, coaching, counseling, stress management and emotional balance. The book is divided into five parts. Apart from the stories narrated within the text of the book, and some exercises, there is a separate section of cases at the end of the book to augment the concepts narrated in each part. It would not only fully meet the requirements of MBA students but would also give new direction to the practicing HR professionals.

Scholarly Research Paper from the year 2008 in the subject Business economics - Personnel and Organisation, grade: 2,0, University of applied sciences, Munich, language: English, abstract: Responsibilities within Human Resource Management are many-layered and complex not at least because of interdependencies from the company's goals, visions and strategy. This means that there is a very close relationship between the management and HR. Beside this, HR also stands for the human needs and has to find the balance between those two indeed divisive views, always with the target ahead to make the company most efficient. For being most efficient by transferring and enabling the staff to fulfil the company's targets it is helpful to set up and run along a model, which is aligned with the management and transparent to the organisation. The Human Resource Development (HRD) model helps align management's operational goals with employee concerns. Transparent to the organisation, this model supports processes for meeting operational targets while simultaneously empowering the staff.

This book focuses on strategic and operational human resources, giving the reader the core curriculum of subjects usually presented in an MBA program specialized in organizational behaviour and human resource management. The topics covered can be applied to a variety of real world business situations. This book aims to contribute to the growth and development of individuals in a competitive and global economy, by covering the latest developments in the field of human resources management. Innovative practices and theories as well as the current policies and practices of HRM are described in this book.
