Ultramarine is a deep  
blue color pigment

which was originally  
made by grinding lapis  
lazuli into a powder.

The name comes from  
the Latin ultramarinus,  
literally "beyond the  
sea", because the  
pigment was imported  
into Europe from mines  
in Afghanistan by

Read Free Lapis Lazuli From The Italian traders during the 14th and 15th centuries. Ultramarine was the finest and most expensive blue used by Renaissance painters. It was often used for the robes of the Virgin Mary, and symbolized holiness and humility. It remained an extremely
