Dear Instructors – Cengage Paperback 12th

A new book, "A Crisis of Beliefs: Investor Psychology and Financial Fragility," puts expectations at the center of thinking about economic fluctuations and financial crises.

The financial crisis and the foundations for macroeconomics

Macroeconomics helps us measure the effects inflation has on an economy and the standard of living when it distinguishes between nominal income (the dollar amount received), and real income (the amount of goods and services the income can buy). Secondly,

economic reasoning. Both William Baumol and Alan Blinder have been highly involved with policy making and economic counselling. Their textbook reflects this, constantly dealing with policy-oriented questions and issues, and should thus appeal to a vast majority of students interested in socially relevant questions about the real world. We have done our best to maintain and even strengthen this strong policy approach in the Canadian version.
