Online Library Modern Advanced Accounting

This is the solutions manual to accompany the text Modern Advanced Accounting. The main text features an analysis of the problems that arise in the application of those underlying concepts to specialized accounting entities.

Presents the research and cases that focus on the professional responsibilities of accountants and how they deal with the ethical issues they face. This title features articles on a broad range of important topics,

Online Library Modern Advanced Accounting

including professionalism,
social responsibility,
ethical judgment, and
accountability.

The emphasis of this text is on financial accounting concepts and their application both in business and non-business organizations. It provides coverage of partnerships, affiliated companies and topics such as international accounting standards and business segments.
