Times bestselling novel from Garth Stein—a heart-wrenching but

It was the most brutal corporate restructuring in Wall Street history. The 2015 bankruptcy brawl for the storied casino giant, Caesars Entertainment, pitted brilliant and ruthless private equity legends against the world's most relentless hedge fund wizards. In the tradition of Barbarians at the Gate and The Big Short comes the riveting, multi-dimensional poker game between private equity firms and distressed debt hedge funds that played out from the Vegas Strip to Manhattan boardrooms to Chicago courthouses and

even, for a moment, the halls of the United States Congress. On one side: Apollo Global Management and TPG Capital. On the other: the likes of Elliott Management, Oaktree Capital, and Appaloosa Management. The Caesars bankruptcy put a twist on the old-fashioned casino heist. Through a \$27 billion leveraged buyout and a dizzying string of financial engineering transactions, Apollo and TPG—in the midst of the post-Great Recession slump—had seemingly snatched every prime asset of the company from creditors, with the notable exception of Caesars Palace. But Caesars' hedge fund lenders and bondholders had scooped up the company's paper for nickels and dimes. And with their own armies of lawyers and bankers, they were ready to do everything necessary to take back what they believed was theirs—if they could just stop their own infighting. These modern financiers now dominate the scene in Corporate America as their fight-to-the-death mentality continues to shock workers, politicians, and broader society—and even each other. In *The Caesars Palace Coup*, financial journalists Max Frumes and Sujeet Indap illuminate the brutal tactics of distressed debt mavens—vultures, as they are condemned—in the sale and purchase of even the biggest companies in the world with billions of dollars hanging in the balance.

#1 NEW YORK TIMES BESTSELLER Rick Dockery is the third-string quarterback for the Cleveland Browns. In the AFC Championship game, to the surprise and dismay of virtually everyone, Rick actually gets into the game. With a seventeen-point lead and just minutes to go, Rick provides what is arguably the worst single performance in the history of the NFL. Overnight, he becomes a national laughingstock—and is immediately cut by the Browns and shunned by all other teams. But all Rick knows is football, and he insists that his agent find a team that needs him.

Against enormous odds, Rick finally gets a job—as the starting quarterback for the Mighty Panthers . . . of Parma, Italy. The Parma Panthers desperately want a former NFL player—any former NFL player—at their helm. And now they ' ve got Rick, who knows nothing about Parma (not even where it is) and doesn ' t speak a word of Italian. To say that Italy—the land of fine wines, extremely small cars, and football americano—holds a few surprises for Rick Dockery would be something of an understatement. **BONUS:** This edition includes an excerpt from John Grisham's *The Litigators*.
