Snarkitecture

Snarkitecture's work is focused on designing within existing spaces or collaboration with other artists and designers. They aim to reuse or misuse existing architecture to make architecture perform the unexpected. Arsham and Mustonen met while studying at the Cooper Union in New York City and established Snarkitecture as a formal practice in 2008.

Snarkitecture is a partnership between an artist and an architect, and their work bridges the gap between functional objects, performance, and conceptual art. Alex Mustonen and Daniel Arsham studied architecture and art, respectively, at the Cooper Union for the Advancement of Science and Art. Since then, they've played with conventions of design, and upended viewers' expectations with ...
