focusing on the skills you need to succeed; New material on Contextual Review for computer science, art and performance art students; Updated material on the benefits of using university library databases and social media in research; Expanded advice on the emotional journey and where to find assistance and support; New Research Methods chapter for art, drama and computer science students. This is key reading for any social science, business, humanities or healthcare student required to complete a dissertation as part of their studies. It will also prove useful for undergraduate students considering postgraduate studies and for supervisors facilitating dissertation supervision."--

"I found this book indispensable and consulted it pretty much on a daily basis throughout the whole process of planning and writing my dissertation. By following the book from beginning to end I was able to hand-in a piece of work that I was both proud of and confident would meet Masters standards." Lee Pimlott, Masters Student, University of Derby, UK Amazon reviews for the 1st edition: "The ONE book you need to guide you through writing your master's thesis. It ensures you 'tick all the boxes' necessary for a good result. I especially liked the 'common mistake by students' in each section." "The book provides structure, clarity, time management and advice on content for your dissertation. I am delighted to say I passed my Master's with a distinction and owe a lot to the guidance provided by this book." This popular book continues to demystify the dissertation writing process. Taking a step-by-step approach to the dissertation life cycle and highlighting examples of good and bad practice and the common mistakes that students often make, the book provides clear guidance on how to gain marks, as well as how to avoid losing them. From your initial research proposal to your final

students I supervise and others I have tried to help. Buy it, it will help you – it ' s worth every penny. Dr Mario Antonioletti, EPCC, The University of Edinburgh, UK In this book John Biggam, offers a clear background on why a dissertation is a standard part of many Masters programmes, and provides a user-friendly approach to planning and writing large pieces of work. Pragmatic advice and guidance on good practise will help students to keep on track with their dissertation, and avoid common errors. The book is written in a reassuring way which should be applicable to students across disciplines. Donna Murray, Head of Taught Student Development, The University of Edinburgh, UK Biggam ' s book, now in its fifth edition, is the go-to guide to researching and producing a Master ' s dissertation. Taking a practical, skills-based yet scholarly approach, it is current, comprehensive and rigorous. Standout content includes sections on common mistakes made by students, useful templates and a unique chapter on Dissertations by Practice, making it an instructive resource for students of the social sciences and humanities alike. Dr Kate Daniels, Senior Teaching Officer in Academic Training & Development for International Students, University of Cambridge, UK

How do I plan a dissertation proposal? How do I clarify my research objectives? How do I conduct a literature review? What is essential to focus on while writing my Master's dissertation? This practical book offers straightforward guidance to help Master's students to clarify their objectives and structure their work in order to produce a successful dissertation. Using case examples of both good and bad student practice, the handbook takes students through each step of the dissertation process, from their initial research proposal to the final submission. The author uses clear illustrations of what students need to do - or not do - to

Read Online Succeeding With Your Master S Dissertation A Step By Step Handbook

reach their potential, helping them to avoid the most common pitfalls. This essential handbook covers: Producing focused and relevant research objectives Writing your literature review Citing your sources correctly Clearly explaining your use of research methods Writing up your findings Summarizing your work by linking your conclusions to your initial proposal Understanding marking schemes Aimed primarily at Master's students or students on short postgraduate courses in business, humanities and the social sciences, this book is also key reading for supervisors and undergraduates considering postgraduate study.

The task of researching and writing a literature review is complex. This text provides comprehensive, practical guidance on the process of researching a range of relevant literature on a subject, then planning and writing a literature review.

'From finding a research topic through to the final write up, this clear guide takes the mystery out of graduate-level research. This book will help your project succeed' -James V. Spickard, Professor of Sociology, University of Redlands, US Just starting your Master's? Worried about your dissertation? This book is an indispensable guide to writing a successful Master's dissertation. The book begins by addressing issues you'll face in the early stages of writing a dissertation, such as deciding on what to research, planning your project and searching for literature online. It then guides you through different aspects of carrying out your research and writing up, helping you to: write a research proposal choose one or more methods write
